A FORUM ON GRADING

As our district transitions to a proficiency-based learning system, the ways in which we indicate and communicate student **achievement and growth** needs our attention.

This year, the K-12 Proficiency-based Learning Steering Committee has studied changes necessary to more closely align “grading” to proficiency-based practices.

The Committee has drafted a **grading philosophy** that we’d like to share with you and **get your feedback** on.

Mt. Ararat Middle School 6pm-7:30pm

Please join us for a conversation in the Learning Commons. We’ll discuss the philosophy statements, answer questions about them, and get your feedback.

We will also provide a brief demo of software called “Empower” that we’ll begin to use for reporting next year in grades 5-8 .

**IF YOU HAVE QUESTIONS ABOUT THE FORUM,
PLEASE CONTACT:**

Daniel Chuhta, Assistant Superintendent of Schools 729-9961 chuhtad@link75.org
